Author Abstract Submission Questions**

Research Foci

Please select your Research Foci. (Select all that apply)

- Academic Achievement
- ADHD
- Addiction
- Aging
- Alcohol
- Allergies
- Anxiety
- Arthritis
- Asthma and Other Respiratory Diseases
- Cancer
- Cardiovascular Disease
- Child/Adolescent Abuse, Neglect or Maltreatment
- Cognitive Development
- Communication Disorders
- Complementary and Alternative Medicine
- Crime
- Depression
- Delinquency
- Dementia
- Diabetes
- Drug Use
- Eating Disorders
- Economic Self Sufficiency
- Elder Abuse
- Environmental Health

- Family Violence
- Gender Differences
- Genomics
- Gerontology
- Gun Violence
- Health Literacy
- Healthcare-Associated Infection
- HIV/AIDS
- Imaging and Bioengineering
- Infant/Child Health Development
- Injury, unintended
- Intimate Partner Violence/Teen Dating Violence
- Kidney Disorders
- Maternal Health
- Mental Health
- Minority Health and Health Disparities
- Motor Vehicle Accidents
- Neurocognition
- Neurological Disorders
- Neuro-prevention
- Nutrition
- Obesity
- Occupational Safety
- Oral Health
- Osteoporosis
- Other Chronic/Disabling Condition
- Other Health
- Other Infectious Disease
- Parenting, e.g., monitoring, interaction patterns
- Physical Activity

- Physical Development
- Physical Health
- Positive Youth Development
- Poverty and Economic Issues
- Pregnancy
- Preparedness
- Psychosis
- PTSD
- Public Health
- Quality of Life
- Race, Culture, Ethnicity
- Sexual Behaviors
- Sexual Violence
- Sexually Transmitted Diseases
- Skin Diseases
- Sleep Disorders
- Social/Emotional Development
- Stroke
- Substance Use or Abuse
- Suicide
- Tobacco
- Unemployment
- Violence Prevention
- Vision
- Women's Health
- Youth Violence
- CROSS-CUTTING RESEARCH FOCI: Screening
- CROSS-CUTTING RESEARCH FOCI: Comorbidity and Multi-morbidity
- CROSS-CUTTING RESEARCH FOCI: Dissemination and Implementation
- Other:

Research Method / Design

Please select all that apply.

- Adaptive Intervention Designs
- Adaptive Research Designs
- Cohort-Sequential (Accelerated Longitudinal) Designs
- Cross-Sectional Designs
- Fractional Factorial Designs
- Group- or Cluster-Randomized trials
- Hybrid Designs Combining Effectiveness and Implementation
- Mixed or Multi-Method Designs for Qualitative and Quantitative Studies
- Multiple Baseline Designs, Quasi-Experimental Designs
- Regression Discontinuity Designs
- Sequential Multiple-Assignment Randomized Trials (SMARTs)
- Time Series Designs
- NOT APPLICABLE

Research Method / Analytic Quantitative

Please select all that apply.

- Agent Based Modeling
- Analysis of High-Dimensional Data
- Analysis of Small Sample Data
- Bayesian Methods
- Complier Average Casual Effect (CACE) Analysis
- Causal Inference
- Cost-Effectiveness Methods
- Data Mining
- Decision Analysis
- Econometric Methods

- General Linear Modeling (including regression, multivariate analysis)
- Generalized Linear Modeling (Logistic, Poisson, Gamma, etc.)
- Genome-Wide Statistical Analysis
- Geospatial Analysis
- Growth Modeling
- Individual Person-Level Meta-Analysis
- Integrative Data Analysis
- Item Response Theory
- Latent Class and Latent Variable Modeling
- Measurement Theory and Methods (EFA, CFA, etc.)
- Mediation Analysis
- Meta-Analysis (of summary statistics)
- Methods for Analysis of Intensive or Long Longitudinal Data
- Microsimulation Methods
- Missing Data Methods (multiple imputation, full information maximum likelihood)
- Mixture Models (including growth and regression mixture models)
- Moderation Analysis
- Multi-Level or Hierarchical Regression
- N of 1 Experiments
- Network Analysis
- Predictive Analytics
- Propensity Score Methods
- Psychometric Methods
- Simulation Methods
- Statistical Power Analysis
- Structural Equation Models
- Subgroup Analysis
- Survey Data Analysis
- Survival Analysis
- System Dynamics

- Systems Engineering Methods
- Systems Science
- NOT APPLICABLE

Research Method / Analytic Qualitative

Please select all that apply.

- Alternative/Authentic Assessment
- Case Studies
- Content Analysis
- Document Analysis Focus Groups
- Key Informant Interviews
- Qualitative Comparative Analysis
- Structured Observation
- NOT APPLICABLE

Research Method / Data Collection Assessment

Please select all that apply.

- Biosensor Based Assessment
- Clinical Assessment
- Computerized Adaptive Testing
- Electroencephalography (EEG) and Related Methods
- Electronic Health Records
- Functional Magnetic Resonance Imaging (fMRI) and Related
- Genetic Assessment - Candidate genes
- Genetic Assessment - Genome-Wide
- Genetic Assessment - Sequencing
- Machine Learning or Other Artificial Intelligence Methods
- mHealth
- Methods for Collecting Ecological Momentary Assessment
- Mobile Assessment

- Neuroendocrine Assessment (Cortisol, C-reactive protein)
- Neurocognitive Assessment (response inhibition, attention)
- Quality Control Methods
- Questionnaire Development
- Survey Sampling Methods
- Technology-assisted assessment/intervention delivery
- Twin and Extended Family Designs (e.g., children of twins designs, adoption designs)
- NOT APPLICABLE

Research Population I

Please indicate the type of prevention research you engage in (check all that apply).

- Universal (entire population of participants who have not been identified on the basis of risk)
- Selective (participants deemed to be at risk by virtue of membership in a particular population segment or risk exposure)
- Indicated (participants have detectable signs or symptoms of a particular condition)

Research Population II

Does your research include any of the following (check all that apply).

- Culture Adaptations
- International or non-U.S. Populations
- Non-English speaking Language(s)
- Racial or Ethnic Minority Groups
- Rural or Remote
- Sex Differences
- Sexual or Gender Minorities
- Underrepresented Age Groups
- Underserved Regions
- NONE
- Other:

Developmental Stage

In defining your target population does your research focus on a particular developmentalstage?
(Check all that apply.)

- Pre-natal
- Infancy (0-2)
- Early childhood (3-6)
- Middle childhood (7-9)
- Pre-adolescent (10-12)
- Adolescent (13-18)
- Transition to adulthood (19-25)
- Adulthood
- Aging
- NONE

Research Funding I

Please indicate how your research is funded. (Select all that apply)

- Non-profit research center
- For profit research organization
- Foundation
- Local agency
- State agency
- Federal agency
- No Funding
- Other:

Research Funding II

If above answer is 'Federal Agency,' then please indicate what agency. (Select all that apply)

- ACF
- CDC

- DoD
- IES
- NCI
- NCCIH
- NHLBI
- NIA
- NIAAA
- NICHD
- NIDDK
- NIDA
- NIMH
- NINR
- NIMHD
- NIH, Office of the Director
- NIJ/OJJDP
- NSF

Other:
