New Horizons in Prevention Science: Multilevel Interventions for Systemic Challenges

**Call for Poster Abstracts
International Drug and Alcohol Use Prevention Poster Session**

Submission site will be available mid-September

The International Drug and Alcohol Use Prevention Poster Session will take place in conjunction with the SPR opening reception and Poster I session, following the preconference workshops on May 26, 2026.

Posters should highlight research on the prevention of drug use, prevention of drug use in combination with alcohol use, or prevention of HIV/AIDS in the context of drug use or drug and alcohol use. We seek variation in study designs, focus (e.g., formative work, outcome, implementation science), populations, and data types (e.g., quantitative, qualitative or mixed methods approach, program data, surveillance data, observational research, clinical trial data). Abstracts should include completed analyses. “Findings to be presented” abstracts will not be considered. Eligible research must have been conducted in international settings by international researchers, domestic researchers, or binational research teams.

Poster abstract submissions for the International SPR Poster Session will undergo the same peer review process as other submissions for SPR.

IMPORTANT INSTRUCTIONS: To submit your International Poster go to the online abstract submission site <https://preventionresearch.org/2026-annual-meeting/>.

Scroll down to “Begin a submission to the following:” and select **INDIVIDUAL POSTER PRESENTATIONS**. In the “**Theme**” step select: **INTERNATIONAL SPR POSTER SESSION**.

All abstracts must be submitted online at www.preventionresearch.org.

Submission Deadline: early November 2025
